**Subject:** NFB Returned Equipment: Missing parts

Hi Guys:

I am hoping you can help me out with some missing parts to the equipment I brought back to Edison last week. Mike, I am not sure if some of this could be in your equipment load out or it is still in storage here. Please let me know. Thanks

- 1.) The 2 regulators and the white calibration cap to a returned multirae.
- 2.) The charger is to the gateway we returned.

Regards,

Eric
